- (VII) Players arriving late for a match may only participate in those games that have not started. If a player arrives after the start of a set, he may play in that set if and only if his/her name was entered on the line-up for that set prior to its start. A dart is considered thrown if the players arm has moved in a forward direction towards the board. Thrown darts that: bounce out, fall or miss the board do not count towards the players score nor can they be re-thrown (with the exception of these darts thrown at the bull to start the game {see beginning the match}).
- (II) All darts must be thrown from the hand.
- (III) Should a player or spectator touch any dart, which is in the dartboard during a turn without permission of the scorer, that throw shall be deemed invalid and not be re-thrown.
- (IV) Any dart bouncing off, or falling out of the dartboard shall be deemed invalid and not be re-thrown (with the exception of "throwing for cork" to start the game).

Beginning the Match

- (I) All games begin by throwing for a "cork", with the player whose name is adjacent to the "*" on the scoresheet shooting first. The player who throws closest to the cork starts the game. The scorekeeper will make the determination of which dart is closest to the cork. Additional throws may be made when throwing the cork, until such time as the players dart remains in the board.
- (II) The second thrower may acknowledge the first throwers dart as INNER or OUTER Bull (cork) and ask for that dart to be removed prior to his/her throw. Should the 2nd thrower dislodge the dart of the 1st thrower, a re-throw will be made with the 2nd thrower now throwing first. Re-throws shall be called if both darts are anywhere in the INNER Bull, or both darts are anywhere in the OUTER Bull. Should a re-throw be necessary, the player who shot 2nd will now shoot 1st.
DECISIONS OF THE SCORER ARE FINAL.
- (III) It is permissible for a doubles team to participate with fewer than required number of players, provided that team forfeits a turn(s) in rotation, equal to the number of missing players. It is permissible for a partner, the player or spectator to advise the thrower during the course of the match. (it is the player, and the players teams responsibility to verify the scorekeepers accuracy).
- (IV) Do not pull darts from the board until the score keeper has verified your score. It is the responsibility of the player to verify his score with the scorekeeper before touching or removing

his/her darts from the board. It is the obligation of the scorekeeper to determine the score. The score remains as written if one or more darts have been touched or have been removed from the board without acknowledgement of the scorekeeper. If the dart falls out before the scorer has determined its placement the dart does not count. The point of the dart must be touching the bristle portion of the board to be considered "sticking".

- (V) Arithmetic errors during "01" matches must stand as written unless corrected prior to the beginning of that individuals or teams next throw. - (VII) For the purpose of scoring (particularly starting or finishing) a "01" match, an INNER BULL will be considered a double '25' (or 50 points). During cricket matches the INNER BULL has a point value of 50 and the OUTER BULL a point value of 25 points.
- (VIII) Cricket points: C-5s and higher should be recorded on the score sheet by a captain. Only darts that put chalk on the board will count towards cricket points. (single Bulls count as 2 Cricket points; double bulls count as 3 Cricket points).
- (IX) "01" points: 95 or more points scored per turn in "401" and "501" should be recorded on the score sheet by a captain.
- (X) The league will keep statistics based on 2.5 games per week for: match wins, losses and ties; Match points (wins =2 points, ties = 1 point, and losses = 0); Team total games won and losses; individual "01" points; individual Cricket Points; High-ins, High-outs, "C-9s" and "Ton 80s". League standings will be determined buy overall math points. In the event of a tie, the first tiebreaker will be determined by the overall match wins by a team, and the second tiebreaker will be determined by the overall game wins by a team. The method will be used to determine play-off seeds (and wild card slots).
- (XI) If the league statistician opts to keep individual players statistics for wins or losses only games actually played will be considered. (game won or lost by forfeit will not be counted).
- (XII) If a match is tied (12-12) at the conclusion of a play-off match, one six-person game of "801" (Double Double) should be played to determine the winner of that play-off match.

- (II) The dartboard shall be a league approved 18-inch English bristle dartboard in good condition and used only for league play. Should a player have any portion of his/her feet or shoes over the hockey line during a throw, all darts shall be invalid and not counted. One warning by either team captain shall be considered sufficient before invoking this rule.
- (VII) A player wishing to throw a dart or darts from a point either side of the hockey line, must keep his/her feet behind an imaginary straight line extending from either side of the hockey line.
- (VIII) The lighting shall be affixed in such a way as to brightly illuminate the board. Reduce and minimize shadows cast by thrown darts and not physically impede the flight of darts.
- (IX) The scoreboard shall be placed (or mounted) within a reasonable lateral distance from the board (less than 4 feet) which allows the scorer to see the thrown darts easily while being visible to all players (thereby enabling them to check present scores) and must be clearly visible to the shooter at the hockey.
